End of life announcement – DTM-65PW-xxx-C

Through continuous improvement and the Level VI efficiency/no load requirements of the European Union Code of Conduct Tier 2 and North American Department of Energy, the DTM-65PW-xxx-C series (Level V) will be discontinued and replaced with the DTM-65PW-xxx-D series (Level VI)*.

We realise that some customers who have purchased these models in the past might have the need to purchase additional identical units either as spares or to use where they have been designed-in to OEM equipment. Therefore we are offering a “last time buy” opportunity as per the dates in the table below:

Obsolete series	Models	Last order date	Final ship date	Replacement
DTM-65PW-xxx-C	DTM-65PW-120-C	30 th November 2019	31 st May 2020	DTM-65PW-120-D
	DTM-65PW-150-C			DTM-65PW-150-D
	DTM-65PW-180-C			No replacement **
	DTM-65PW-240-C			DTM-65PW-240-D
	DTM-65PW-360-C			DTM-65PW-360-D
	DTM-65PW-480-C			DTM-65PW-480-D

*The DTM-65PW-xxx-D meets Level VI efficiency with < 0.15W no load power. All other form, fit and function parameters are the same as the DTM-65PW-xxx-C

** The DTM-65PW-180-C does not have a direct replacement, the DTM-65PW-190-D offers a new 19V output.

All orders are non-cancellable and non-returnable.

For further assistance, please contact your local TDK-Lambda sales department, or your usual field sales contact or via our web-site at <http://www.uk.tdk-lambda.com/> where you can also find data on all of our current products and our comprehensive product selector web tools.
