

1st December 2009

Name & Address

Dear Customer:

DHP DIN rail power supply range end of life announcement

As a customer who has previously purchased models from the DHP range of power supplies from us, we are writing to inform you that these models will now be discontinued.

For some time they have been effectively made obsolete by our newer, more competitively priced DPP DIN rail mounting series.

We realise that some customers who have purchased these models in the past might have the need to purchase additional identical units, therefore, we are offering a "last time buy" opportunity.

We will accept orders up to and including 28th May 2010. All deliveries will be before the end of November 2010. All orders are non-cancellable and non-returnable.

For further assistance please contact TDK-Lambda UK Sales department, Tel: +44 (0)1271 856666 (email: info@uk.tdk-lambda.com) or your usual Field Sales contact. If you would prefer, our web address is www.emea.tdk-lambda.com where you can find data on all of our current products. We will also be pleased to assist you in converting to newer products as appropriate.

Yours sincerely,

Regional Sales Manager
