

TDK-Lambda

Product Highlights

- Medical approval IEC/EN60601-1 3rd Edition
- Input - Output isolation 4kV AC, 2 x MoPP
- Enclosure leakage current less than 100µA
- Low off load power draw <0.3W

Key Specifications

- 15 – 60W, depending on output voltage
- 90 – 264VAC Class II wide input voltage
- 5, 9, 12, 15, 24VDC models, series dependent
- Altitude 5000M operation

Typical Applications

- Hospital and dental equipment
- Monitoring & diagnostic
- Process control
- Portable equipment
