⚛TDK

Sep/2021
To: TDK-Lambda Israel business partners

Subject: formal announcements – move TDK-Lambda Israel products test result to on-line website

Dear Partner,

As part of TDK-Lambda contribution to the global efforts of save our plant resources and as part of our mother company TDK vision, we are happy to update you regarding important change in our product test result visibility.

From November 2021, TDK-Lambda Israel (TLI) will stop paper waste printing in our products and we will not add the individual product test result to the unit package, all our test result will be available, online, in our dedicated page in our web-site,

As you can see below, the access is not limited and the only data you need to put is the unit serial number (as wrote on the product white label) and product part number, we encourage you not to print those result and just keep it in your ERP system storage.

For direct link to our test result page you can click or copy the address:
www.orders.tdk-lambda.co.il/products-tests-results

Please see below picture and short explanation of the web site:
1. Fill In the fields the SN + Part number that you want to get for it the PDF results, and the press "Request PDF" button

2. Press "Download" if you want to download the file

Sincerely,
Yariv Eyni,
TLI Sales Director
